

# Weekly Report

9/19/2016-9/25/2016

## Work

- I have finished the third patent.
- I receive some comments about and a modified response letter from professor Maciejewski. I make the changes to our paper according to professor's suggestions.
- The video is recorded in NUS this week. I think we can get the data and start our program soon.
- I write a review of a paper.

## Plan for next week

- Add introduction and related work to Building Surveillance Analysis paper.
- Start programing website of Building Surveillance Analysis based on the framework of our AMTG website.
